

Advantages of having a PTA

Parent teacher organisations are generally volunteer, non-profit organisations whose main aims are to bring home and school into closer partnership for the benefit of students. Parent teacher organisations are often responsible for school fundraising activities, providing a collective voice for parents and whanau, and providing a link between the school, home, and the community.

A parent teacher organisation assists you:

- to foster relationships between parents, whanau, teachers and Board of Trustees.
- to share information with parents and the wider community.
- to raise funds to provide improved facilities and opportunities for members of the school community.
- to provide a forum for parents to discuss school-wide issues.
- to be part of an organisation (through your NZPTA membership) that advocates for the benefit of students and their families at the national level.
